World Wheat Marketing Board Is Advocated

New International Bureau For Grain Exports Proposed

Canadian and Other Countries' Delegates at Big Wheat Conference in London Hear Suggestions Advanced by Australia and Poland; Canada May Offer Scheme, Says Ferguson, Chairman

By GEORGE HAMILTON
Canadian Press Staff Correspondent

London, May 19.—First concrete proposals were submitted today to the conference of the eleven great wheat exporting nations of the world at Canada House here.

From the United States Farm Board, from Australia, Poland, the Danubian countries and other delegations came schemes for stabilization of the wheat market.

Soviet Russia will submit its plans to-morrow. Canada has not yet submitted any concerted scheme.

"Canada may possibly have a concrete scheme," announced Hon. G. Howard Ferguson, chairman of the conference and Canadian High Commissioner to Great Britain, after the sitting today. "We are prepared to examine all the proposals made and to go a long way to meet any general proposition."

All the schemes submitted were considered by a committee this afternoon and some endeavor will be made to coordinate them. With the necessary accompanying arrangements they may be taken up by the full conference to-morrow forenoon.

The gist of the United States proposal, which was submitted by Samuel McKelvie, a member of the Federal Farm Board, was curtailment of production. He could not see the possibility of a satisfactory solution of the world wheat problem if it did not include "as its most important single element curtailment of production in exporting countries." He was also emphatic the United States Farm Board had no intention of dumping its huge surplus of wheat.

INTERNATIONAL BOARD
Frank McDougall, chief Australian delegate, submitted the resolution adopted by the conference of Australian wheat growers. These recommended establishment of an international wheat marketing organization representing the wheat exporting countries, to control all the wheat offered for export sale. The countries adhering to the scheme (Concluded on page 2)

RICHARDS SWORN IN AS PREMIER

Becomes New Brunswick Cabinet Head When Baxter Resigns to Be Judge

Canadian Press
St. John's, N.B., May 19.—Hon. Charles D. Richards of Fredericton today accepted the office of Premier of New Brunswick at the hands of Hon. H. H. McLean, Lieutenant-Governor of the province. This followed the resignation of Hon. J. B. M. Baxter from the premiership, to take a place on the appeal bench of the Supreme Court of New Brunswick.

Mr. Richards also submitted a list of his cabinet members for the approval of the Lieutenant-Governor, which showed W. H. Harrison, St. John, as President of the Executive Council, succeeding Hon. L. P. D. Tilley, St. John, who was appointed Minister of Lands and Mines, which office was vacated by Mr. Richards. The last named assumed the office of Attorney-General. The rest of the cabinet remains as heretofore.

As a Judge of appeal Mr. Baxter succeeds Mr. Justice A. S. White, who died a month ago. Mr. Baxter had been Premier since September, 1925.

His appointment to the bench was announced yesterday in Ottawa.

ABOLISH POST OF SURVEYOR-GENERAL; CRAIG PENSIONED

Ottawa, May 19.—J. D. Craig, Surveyor-General and Boundary Commissioner for Canada, has been retired from the Interior Department.

Mr. Craig followed the handing over to the western provinces of their natural resources, the position Mr. Craig held was abolished. It was set up some years ago as a means of bringing the geologic and topographical surveys under the one head.

HIGH TARIFFS ARE DECLARED WORLD MENACE

Henderson, British Foreign Minister Urges European Nations to Ward Off Disaster

League Council Sends Austro-German Customs Union Proposal to Hague Court

Canadian Press
Geneva, Switzerland, May 19.—Denouncing the high tariff system as the biggest contributor to the world's economic crisis, Rt. Hon. Arthur Henderson, British Foreign Secretary, today called on the Pan-European Commission meeting here, to adopt some common plan to save Europe from economic disaster.

"We are faced with a great international dispute," he said, referring to the proposed Austro-German customs accord. "It is the first dispute of the great powers before the League of Nations."

COMMITTEE PLAN
He proposed creation of a sub-committee to weigh all the projects suggested for general economic relief and to bring in a common plan in which all the nations might engage.

Geneva, May 19.—The Council of the League of Nations formally adopted today by unanimous vote Foreign Secretary Arthur Henderson's proposal to refer the Austro-German customs pact to the World Court at The Hague.

At the opening of today's session Foreign Minister Julius Curtius of Germany caused a sensation by saying, in answer to a statement by Foreign Minister Aristide Briand of France, that if the World Court should decide the proposed Austro-German customs union was legal it would be insupportable to bring Germany before the Council as a disturber of the peace of Europe.

POLITICAL DISCUSSION SHOULD
M. Briand had said that whatever the Hague tribunal should decide on the economic side of the question, the political aspects of the project should be brought before the Council.

The unanimous vote to refer the Austro-German pact to the World Court followed.

JUGOSLAV HEARD
M. Marinkovitch, Jugoslavian Foreign Minister, challenged the German view the League Council was not competent to deal with political aspects of the Austro-German arrangement, asserting the League might consider any political question calculated to disturb international peace. He suggested furthermore that Germany was pursuing a "policy of prestige."

It might be unpleasant, he said, for a great power to inform the Council of its plan, but even that must not be permitted to interfere with the Council (Concluded on page 2)

WILL ACT AS DISARMAMENT CHAIRMAN

Man Who Was at Harrison Hot Springs Hotel Testifies on Money Found on Bagley

Hearing at New Westminster To-day, While Bagley Held at Bellingham

Canadian Press
New Westminster, May 19.—A \$30 Bank of Toronto bill, found on William Bagley when he was arrested near Sumas, following the Harrison Hot Springs Hotel robbery April 27, was identified today by Peter A. Borg, Queen Charlotte Islands, as having been paid by him to the hotel April 26, the day previous to the robbery.

Borg was called to give evidence before Magistrate H. G. Johnston in district police court here in connection with the extradition prosecutions against Bagley, who is held in the Watcom County jail at Bellingham (Concluded on page 2)

Commons Committee To Decide If St. Lawrence Canal Violates Agreement

BRITISH M.P.'S KILL NEW MOVE FOR LOTTERIES

London, May 19.—The House of Commons came down hard today on advocates of legislation of lotteries in support of hospitals, defeating by 181 to 58 an application by a Conservative member for leave to introduce a bill authorizing the operation of such lotteries. There has been considerable agitation in favor of loosening up the laws in this respect in view of the great sums which have gone out of the country into the Irish Hospital Sweepstakes on horse races, while charitable institutions at home need money.

Robert Gardiner Brings Question of Beauharnois Power Development Work Before House; Premier Bennett Upholds His Contention Company Building Canal Otherwise Than as Permitted by Order-in-Council and Asks Commons Give Question to Committee for Investigation

OAK BAY WILL CO-OPERATE ON AIRPORT PLAN

City Informed Municipal Council Ready to Submit By-law If Scheme Endorsed

Providing the ratepayers of Victoria pass the by-law to authorize development of an airport at the Gordon Head site, the Oak Bay Council will submit a referendum next January for the granting of \$12,000 toward construction of a hangar at the port, the Victoria City Council was informed yesterday afternoon.

Oak Bay, it was stated, had decided this afternoon to make a grant this year because its estimates were closed.

A resolution of appreciation to Oak Bay for its co-operation was passed by the aldermen following an express order from Alderman W. T. Straith, chairman of the industrial committee, of his own satisfaction. Alderman Straith pointed out in passing that Straith had already promised to help by exempting the property from taxes.

The council yesterday had before it a letter from the local Typographical Union requesting that city printing should all be given to union shops. This was endorsed.

The Canadian Public Health Association advised that its convention would be held in Regina on June 17 to 19. A letter from John Day claiming the council had failed to observe the Civil Service By-law in its recent appointment of an assistant city clerk was received and filed when it was pointed out that the finance committee acted as a civil service committee under the by-law.

Purchase of a Ford truck for \$1,040 from the National Motors and a garage truck for \$4,310 from the Leyland Motors was authorized.

Sir Arthur Dawson Dies in London

London, May 19.—Sir Arthur Trevor Dawson, baronet, sixty-five, leading engineer and ordnance expert, and a commander in the navy emergency list, died today at his home, 10, Grosvenor place, London.

Mr. Dawson was director of Vickers and chairman of director of several allied companies.

LISBON POLICE HUNT BOMBERS

Search People in Streets to Prevent Further Outrages; Over Thirty Already Hurt

Canadian Press
Lisbon, May 19.—The hurling of seven bombs in twenty-four hours, which injured upward of thirty persons, put police on the alert here today for further manifestations against the dictatorship of President Carmona.

The latest incidents occurred early this morning when two explosive missiles were thrown from a taxi cab into a cafe crowd and a third near the central food market. Several were injured in the first blast.

Fourteen persons, including a number of students, were hurt yesterday evening when a petrol was thrown into a group at Rocio station. The students were meeting delegates from the universities of Oporto and Coimbra who had come here for the celebration in honor of President Carmona.

Heavy guards of police stationed themselves on principal thoroughfares today and searched all pedestrians who were stopped over the head-quarters of the Anti-Claret Republican Party and that of the Maconic lodge to forestall an attack reported planned by Nationalist students.

THOUSANDS OF Textile Workers In France Idle

Roubaix, France, May 19.—Textile workers increased in number today to 17,000 men out here and 41,000 at Tourcoing. Corresponding numbers were idle in other centers of the district. The men are protesting against a wage cut.

Vidor Says Ban Will React By Publicity Loss

Famous Movie Producer of Hollywood Thinks Canada Has Made Mistake That Will Prove Detrimental to Country by Placing Duty on Motion Picture Production Outfits; Metro Director Here With Eleanor Boardman, His Wife, Seeking Isolation on B.C. Coast Cruise

"Undoubtedly, viewed from the standpoint of publicity, Canada will be the loser by the assessment of heavy duty on motion picture and sound equipment entering this country from the United States," said King Vidor, noted Hollywood film producer, when asked his views on this controversial subject today.

The big shot of movie directors, with his beautiful blonde wife, Eleanor Boardman, arrived here yesterday afternoon from Seattle via Sidney, in their new pleasure cruiser Runaway, on which they are making a holiday trip to Princess Louise Inlet.

The mayor of the township, however, clung tenaciously to the hope the general might have escaped into a cellar adjoining the ruins.

General Dunlap was stationed here as a student at the French War College.

Accompanied by his wife, he was visiting the tower. As they walked leisurely along the street in front of the general suddenly noticed the wall was crumbling. Bricks were falling on a woman pedestrian ahead of them.

The general sprang forward to drag her out of the danger zone, and as he reached her he was struck by a falling wall of the historic tower of Cling Mars today while he was attempting to rescue a woman plumed under the debris. Police said there was practically no chance he would be rescued alive.

Ogopogo Is Dead!

Sports Editor of The Times Makes Startling Discovery During Trip Through the Okanagan Valley; Residents of British Columbia Hinterland Will Make Attempt to Find Remains and Have Them Placed in Museum; "Ogo" Created Sensation Throughout Continent When First Reported Three Years Ago

Ogopogo is dead?

The great prehistoric monster of the Okanagan Lake has finally succumbed to the call of Father time, and sunk to his last resting place in the depths of the lake. Residents along the shore of this seventy-eight mile waterway have been straining their eyes from shore and boat for the last two summers in an effort to catch a slight glimpse of "ogo," but to no avail.

With the coming of this spring it was hoped that he might rise to the surface to bask himself in the warm rays of a brilliant sun, but his goat-like head and humped back will no longer thrill residents and tourists of the interior.

In an effort to run down the fate of Ogopogo, L. M. Balloway, sports editor of The Victoria Times, made a trip through the Okanagan Valley, during which time he interviewed many people regarding the great monster. Captain of lake boats, a minister of the gospel, passengers on boats, a whole company of Girl Guides and Indians who could not be expected to follow the newspapers to have the imagination stirred, virtually told the same story. Frightened Indian fishermen were solemn in their respect of this mysterious character. They did not know whether to class it as a god or a devil.

Many were the boatmen who told of Ogopogo, columns of copy have been

BAR TO TITLES RESOLUTION OF LAVERGNE, M.P.

Ottawa, May 19.—A rule of the Commons provides only one resolution may appear on the order paper in the name of any one member. One resolution now stands in the name of Armand Lavergne, Conservative, Montserrat, Quebec, so his proposed resolution asking King George to grant titles to Canadians must wait until the present resolution is passed.

No titles have been given Canadians since a resolution was passed by Parliament in 1919.

Mr. Lavergne yesterday evening said he would move the resolution if an opportunity should present itself.

LOAN TOTAL ESTIMATED AT \$500,000,000

Ottawa, May 19.—While no official statement has been made, it is estimated the Dominion Conversion Loan has been subscribed close to \$500,000,000.

Officials say the success of the loan is evidenced by the number of subscriptions which are now coming in from small holders of 1931-32-33-34 bonds who are turning them in for new issue. Most of the subscriptions this week have been from small holders scattered throughout the length and breadth of the Dominion.

GERMAN CHANCELLOR URGES DISARMAMENT

Kiel, Germany, May 19.—Nations of the world were called on by Chancellor Heinrich Brüning today to follow Germany's example in fulfilling its disarmament obligations under the Versailles Treaty.

Delivering the principal address at the launching of Germany's new cruiser, Deutschland, the Chancellor said: "Germany can with absolute right and quite seriously say she has not neglected conscientiously to fulfill the disarmament obligations imposed on her by the treaty."

He said that Germany had not only fulfilled her obligations but had also made considerable contributions to the disarmament of the world.

He said that Germany had not only fulfilled her obligations but had also made considerable contributions to the disarmament of the world.

Commons Committee is Told of Big Copyright Infringements

Ottawa, May 19.—Gitz Rice, author of many musical hits of a popular nature during and after the Great War, did not make a cent out of one of his greatest successes, "Mademoiselle From Armentieres," he told the Commons committee studying the amendments to the Copyright Act today. In another "hit," "Dear Old Mine," he had to sue gramophone companies in the United States courts in order to recover damages for infringement of copyright, he said. Litigation dragged on for years, and eventually he was awarded \$11,000. "After all the lawyers' fees were paid," commented Mr. Rice, "I didn't have anything left."

The authors and composers were obliged to unite against the depredations of the wealthier and more powerful interests, he declared. Their only protection lay in union.

Mr. Rice said he was the son of a choirmaster in Glasgow, Scotland. He said he always gave his compositions to the churches "because they expected them for nothing."

Ottawa, May 19.—Amendment to the Copyright Act which would vest power in the Governor-in-Council to prescribe fees which may be collected by societies to which authors have assigned copyright rights, was under life yesterday when the Commons committee charged with the examination of the bill heard a number of representatives from the Canadian Performing Rights Society and from the American Association of Authors, Composers and Publishers.

Evidence and argument of legal and highly contentious nature were submitted, with the session taken up largely by discussions of a complicated, intricate character.

The Canadian Performing Rights Society is "associated with the United States body, and also with a British organization executing similar functions."

Authors had banded themselves together as a matter of protection, in order that the products of their brains might not be "looted," Gens. Buck, president of the American Association of Authors, Composers and Publishers, told the committee.

Mr. Buck said he had written Zelig's Follies for seventeen years. When radio became the dominant entertainment feature, the authors whose products had been pilfered ran up against the Radio Broadcasters' Association, said Mr. Buck. Therefore it became necessary for the writers to combine in their own interests.

FORMED IN 1914

Nathan Burkan, New York attorney and general counsel of the United States Association, said that organization was formed in 1914, the authors and composers being driven to it by the circumstances outlined by Mr. Buck.

If publishers had wished to claim legal rights in respect of exclusive proprietorship of copyright, they had had the opportunity to do so in the last seventeen years, he said. They had not done so.

In regard to the fees collected for

MP'S DECIDE LIQUOR EXPORT BAN CONTINUES

Overwhelming Opinion in the Commons Against Clearances For Vessels to U.S.

Ottawa, May 19.—Canada will continue to prohibit exportation of liquor to the United States, the Commons, without even a standing vote, yesterday expressed its opinion on amendments to the Export Act passed early in 1930, under which clearances to vessels carrying liquor to United States ports is prohibited.

Sponsored by Col. S. C. Robinson, Conservative, West Essex, Ontario, the resolution aroused no debate and was defeated without a formal division. When the speaker called for an indication of numbers from those supporting the resolution, there was a faint response. The volume from those opposing was thunderous.

Mr. Gardiner, only member to speak in the discussion, made no attempt to force a registered vote.

"The United States is still getting its liquor and Canada is losing the revenue," declared the border member. He estimated the loss in revenue to the government, together with the industrial loss to the country, at \$29,453,000 since Canada had made the gesture of prohibition.

IMMIGRATION RULES

The agreement between Canada and the United States on immigration matters had been "treated like a scrap of paper" by the United States, Col. Robinson declared. He said he was going on to refer to the removal by Mr. Justice Greenfield of Mr. Justice Patterson and the substitution of Mr. Justice Lacombe.

BEAUHARNOIS WORKS ARE TO BE INVESTIGATED

(Continued From Page 1)

as to amount to an abuse and infringement of the privileges of this House," the speaker declared. He said he was not reflecting on the acting Chief Justice of Quebec, said Mr. Jacobs.

Premier Bennett remarked that on a similar point raised by him at a previous session, Mr. Gardiner had said that he was not reflecting on the acting Chief Justice of Quebec, said Mr. Jacobs.

Mr. Gardiner said he had newspaper clippings in support of his statement. He was not reflecting on the acting Chief Justice of Quebec, said Mr. Jacobs.

ALL MUST GIVE INFORMATION TO CENSUS TAKERS

Ottawa, May 19.—All persons in Canada are called on to answer the questions of the census-takers who will start making their rounds next month. In a proclamation issued yesterday in the Canada Gazette, attention is called to the fact that the information furnished by the census is used for statistical purposes only and not for taxation, military or jury services, or the enforcement of any law, provincial, municipal or federal.

Mr. Gardiner proceeded. An investigation should be made, he claimed, into the connection between Senator W. L. McDougall and the Beauharnois project. He noted Senator McDougall had been a member of the St. Lawrence Waterways Committee and had agreed to the final report.

DECLARED WORTH \$30,000,000

The position of Senator McDougall was justified by Mr. Gardiner. When the U.F.A. leader asserted the senator was speaking in the Senate, he denied he was interested in the Beauharnois project. He said he was not a shareholder in the project.

Mr. Gardiner went on to say that Senator McDougall had received 208,000 Class A common shares in the Beauharnois project. He said he was not a shareholder in the project.

Mr. Gardiner said he had newspaper clippings in support of his statement. He was not reflecting on the acting Chief Justice of Quebec, said Mr. Jacobs.

MATCH STOPPED WHEN GOLFER IS STRUCK BY BALL

Duncan, May 19.—While the "A" team of the Cowichan Golf Club were playing at Nanaimo in the Dickie Cup match, the "B" teams of Cowichan and Nanaimo met at Duncan. The result was a win for Cowichan on the day's play by forty points to seventeen.

The match between Cowichan and Nanaimo was called off owing to a ball striking a player on the head by a ball and badly cut, necessitating medical attention.

Police Follow Up Clues In Ladysmith Fire

Special to The Times

Ladysmith, May 19.—Investigation is being continued by the Provincial Police in efforts to place responsibility for the series of house fires which early Monday morning threatened this city.

Constable Thomas Byatt, who is in charge of the investigations being carried on here, is following up clues that may lead to arrests.

Combustible material was discovered near other houses in the vicinity of the fire and incendiary is suspected.

GERMACK IS GIVEN STIFF SENTENCE IN SHOOTING CASE

Charge of Manslaughter is Withdrawn Against W. Auld For Death of A. Clark

Special to The Times

Napaimo, May 19.—Peter Gernack, forty-five, Ladysmith, was sentenced to twelve months' hard labor by His Honor Judge Barker today, charged with shooting at his son-in-law, Robert P. Cathey, with intent to do grievous bodily harm on December 18, 1930, at Ladysmith.

Cathey gave evidence, describing how accused came to his house at 1 o'clock in the morning and knocked at the door with a gun pointed.

Cathey's wife went to the back door and rattled at it to make accused think Cathey was leaving by that exit. Cathey ran out of the front door, and Gernack chased him and fired. Cathey knocked Gernack down with a piece of pipe. The accused, in defence, said he was going shooting ducks and just came to tell his daughter that he was going to Vancouver to look for work when Cathey assaulted him and he fired the gun for help. The accused pleaded not guilty.

Local police this morning withdrew the charge of manslaughter against Walter Auld, Ladysmith, in the death of Alphonse Clark, who died as result of injuries received when struck by Auld's truck.

A. Leighton appeared for Auld. Magistrate Potts heard the application.

1917 WHEAT CROP MONEY HUNT

Liberal Members Ask Commons For Information on Old Board's Activities

Ottawa, May 19.—Liberal members of the Commons are asking for further information in respect to the disposition of wheat by the Board of Grain Supervisors in the years 1917 and 1918. This matter has already been the subject of heated debate in the House, the allegation having been made that prairie farmers did not receive the full amount due to them from the sale of the crops in those years.

A. F. Tootell, Liberal, Humboldt, Sask., has placed on the order paper of the Commons a series of questions on this matter. He wishes to know the total number of bushels of wheat disposed of for export in 1917 and 1918 by the Board of Grain Supervisors, the total amount paid by the Allied Purchasing Commission for the wheat, and the average price paid for such wheat abroad during each of the years.

ASKS FOR LETTERS

Dealing with the same subject Hon. R. B. Motherwell, Liberal, Regina, Sask., has placed on the order paper a motion calling for copies of all correspondence "addressed to the Prime Minister of Canada from Robert Whitehead, Saskatchewan, and the Rural Municipality concerning the alleged surplus remaining at the conclusion of the operations of the Board of Grain Supervisors for the years 1917 and 1918, and subsequently deposited in the Consolidated Revenue Fund of Canada."

VALUE FOR DUTY SET FOR IMPORTS OF CUCUMBERS

Ottawa, May 19.—The value for duty of cucumbers is now seven cents a pound when entered under the intermediate or general tariff, such value to be computed on the weight as imported, weight of the package included. The new rule for cucumbers imports was announced yesterday in an extra edition of The Canada Gazette.

ONE-YEAR SENTENCE

Vancouver, May 19.—Sentence of one year's imprisonment in the Okalla Jail was imposed by Judge Cayley in County Court on Thomas Fitzgerald, thirty-two-year-old, for having been convicted of breaking and entering the shop of R. J. Patterson on Cambie Street, February 25, and stealing \$300 worth of tobacco, cigars and cigarettes. Two other charges of a similar nature are pending against Fitzgerald. Alexander, who was charged jointly with Fitzgerald, elected to go to trial, and will come before the Assize Court in the fall.

DEATH DECLARED ACCIDENTAL

New Westminster, May 19.—A verdict of accidental death with no blame attached to anyone was returned by a coroner's jury yesterday evening in the case of George E. Crawford, fourteenth Avenue, who received fatal injuries Thursday night when his automobile crashed into a B.C. Electric street car.

One-time Miner Again Is Church Commissioner

Edinburgh, Scotland, May 19.—James Brown, the humble miner, who became a Labor M.P., once more is Lord High Commissioner to the General Assembly of the Church of Scotland. He was installed at Holyrood Palace, where to-day they held a levee with all the pomp and dignity of royalty. Later Mr. Brown and his wife dined in semi-state with outsiders to St. Giles Cathedral.

FIVE KILLED IN CLASH IN INDIA

Shikha, India, May 19.—Five persons were killed and fifteen injured to-day in a clash between villagers and police at Khuyam Sarab, in the Purnea district of the Punjab.

The trouble began when a detachment of police transferred here for special duty was attacked by 200 natives. When the police opened fire three natives were killed instantly, two were seriously wounded and fifteen others were seriously wounded. Thirty were arrested.

MILK POISONS 400 CHILDREN IN MEXICO

Guadalajara, Mexico, May 19.—Four hundred children and employees of the Guadalajara Orphan Asylum to-day were suffering from poisoning because they had originated in adulterated milk. Five of the poison victims are in serious condition and two of them may die.

It was found the milk regularly supplied the asylum had been mixed with water. Although they protested their innocence, the concessionaire and ten employees of the asylum, through whose hands the milk passed before being given to the inmates, to-day were in custody pending an investigation.

WETHERED, TOLLEY AND VOIGT ALL WINNERS TO-DAY

Two British Stars and Strong U.S. Entry Victors in British Amateur Golf

T. Bourn, British Amateur Champ Last Year, Loses to D. Fiddian 3 and 2

Westward Ho, England, May 19.—Roger Wethered, former champion, to-day won his second round match from T. A. Torrance, 4 and 2, in the British amateur golf championship. He is one of the favorites in the tournament.

G. P. Simmonds, of the Royal Calcutta Club, defeated R. B. Ceter, United States, 1 up in twenty holes to reduce the United States field to three.

George Voigt, United States, chief foreign threat won his third round match from R. Arbercrombie of Liverpool, 2 and 1.

Eric Fiddian fell before Allan S. Newey, of Mosley, in the most startling upset of the day. It had been expected that Fiddian would meet Voigt if he maintained his form. He lost to Newey, 3 up.

TOLLEY A WINNER

Cyril Tolley won his third round match from Robert Harris, his clubmate, 4 and 2.

Tolley, winner of the championship in 1920 and 1922, is the favorite in the lower bracket.

Mariano Demaria, only South American to-day by Dr. John D. MacCormack of Bermuda.

Tom Maguire of Stockton, Calif., who had won his first round match in easy fashion yesterday, went down to-day before R. S. Andrews of Westward Ho.

Douglas Grant, London, who has won many minor English tournaments, was routed by Rex Hartley of the Royal St. George's Club, 5 and 3. Paul Ashby, who entered from the Essex Country Club of New Jersey, fell before A. R. Hall-Cain of the Royal and Ancient, 4 and 3.

Robert Harris, who won the championship in 1925 when it was held at Westward Ho, fell before R. S. Andrews, 3 up.

FARMER KILLS AGED MOTHER

Man in Alberta Also Slays Brother and Niece and Critically Wounds Self

Canadian Press

Edmonton, May 19.—Running amuck at about 8 this morning, Joseph Michalski, a thirty-three-year-old farmer living at Edward, near Smoky Lake, shot and killed his aged mother, his older brother and his brother's thirteen-year-old child, and then shot himself, according to reports received here by telephone.

Michalski was still alive and was being rushed to a hospital in Edmonton at latest reports.

Two other children are reported to have escaped from the house during the slaughter. The motive has not yet been ascertained. The shooting was done in and around the farm house of the Michalskis.

Those killed were: Mrs. Baska Michalski, aged seventy; Steven Michalski, aged forty-five, and Mary Michalski, aged thirteen.

TEST SOON ON BRITISH DOLE

Cleavage of Views Expected When Commission's Report Before Commons

By THOMAS T. CHAMPTON

Canadian Press Staff Writer

London, May 19.—The Labor Government will strike another snag shortly—the question of reform of the Dole.

It is already apparent the whole trades union movement will vigorously oppose any drastic reform of the scheme of unemployment insurance, and yet it is generally believed the royal commission which has been investigating the dole for many months, in its interim report shortly to be issued, will recommend the scale of payments and at the same time increasing the contributions from workers, employers and the state.

DEBT INCREASES

The unemployment insurance fund has a huge deficit and is running into more debt at the rate of \$5,000,000 a week, so the necessity of drastic revision is plain to the state.

And when the report is laid down and the time comes for the government to act on it, the Prime Minister will likely be embarrassed by many of his supporters. Will Thorne, secretary of the General Workers' Union, declares nineteen representatives in the Commons are giving the dole a vote against any radical changes—even if such action should involve a vote of the Labor Government.

U. C. C. asserts that not only the Miners' Federation, of which he is general secretary, but the whole trades union movement will fight any government plan to cut the dole. He says he has received many letters from supporters of the dole.

THE RECOVERED LOOT

Scores of Vancouver residents whose homes have recently been burglarized, are being called on to identify any of the articles. It is believed some of the guns were taken in burglaries in Bellingham, Washington.

The police say that they appear to be recovering more than one week's worth of loot. The value of the goods is said to run into several thousand dollars.

VIDOR SAYS BAN WILL RE-ACT BY PUBLICITY LOSS

(Continued From Page 1)

most of the holiday," said Mr. Vidor, in explaining that he could only spare a few minutes today. "I'll go and order breakfast while you are giving the story," he said. "I'll be back in a few minutes."

CHRISTENED NEW CRUISER

It was explained by Mr. Vidor that he and his wife had hurried away from Hollywood in order to christen their new thirty-two-foot cruiser Runaway, built for them in Seattle. The launching of the craft took place on Friday last at the Seattle plant of the Lake Union Dockyards and Machine Works.

The new, Ted Grant-designed and a luxuriously-furnished craft with two cabins and sleeping accommodation for ten persons, will be the floating home of the Vidor family. The new boat is equally well equipped for the next two weeks in isolated British Columbia coast waters.

MATT MOORE BUSY

Last evening Mr. Vidor got on the long-distance wire and tried to induce Matt Moore, the screen star, to stay in town for a few days. He said he was busy with his picture and would be unable to break away. Vidor explained.

"I want to find someone who knows this wonderful coast and then we are going to set out to explore it," the film producer told the interviewer. "I have one man aboard who is an excellent navigator, but he is not familiar with this coast."

"We plan to leave Sidney to-day and will call at Nanaimo. After that we shall be lost for a few days."

NOISY SCENE AT NEW YORK PEACE MEETING

J. W. Gerard Refuses to Put Motion and Affairs Breaks Up in Disorder

Associated Press
New York, May 19.—A meeting here in the interest of international peace and understanding broke up in an uproar yesterday evening following a dispute between James W. Gerard,

CUBA PRESIDENT RESISTS MOVES TO OUST HIM

Associated Press
Havana, May 19.—President Gerardo Machado yesterday told press representatives his enemies could not take him by surprise.
"I know the soul of the Cuban people," he said.
"I confidently rest the solution of Cuba's present problems in the hands of the House of Representatives."
After a caucus of the majority faction, the way was clear for considering the constitutional reforms proposed by fifteen opposition members. The principal object of the reforms is the termination of the president's stay in office at some time before May 20, 1935.

EIGHT-HOUR DAY DEBATE IN COMMONS

Associated Press
Ottawa, May 19.—The Commons yesterday evening once more debated the question of establishing the eight-hour day throughout the dominion, and once again constitutional difficulties were cited as a bar to any immediate action in this respect.

No Action Taken on Resolution Moved by Hon. Peter Heenan

Canadian Press
Ottawa, May 19.—The Commons yesterday evening once more debated the question of establishing the eight-hour day throughout the dominion, and once again constitutional difficulties were cited as a bar to any immediate action in this respect.
Hon. Peter Heenan, former Minister of Labor and Liberal member for Kenora-Rainy River, brought the matter up. In a resolution setting forth that Canada was a signatory to the Treaty of Versailles, "thereby subscribing to the principle of a maximum working day of eight hours," Mr. Heenan called on the government to take steps to insure the fulfillment of its obligation relating to hours of work.
Although Hon. Hugh Guthrie, Minister of Justice, intimated the government had no objection to the resolution passing, it was still under discussion at the 11 p.m. adjournment. It therefore went into the category of private members' legislation, which has been "talked out" and will probably not be discussed again during the present session.

Toronto Loyalists Attend Church

Toronto, May 18.—Severance of Great Britain and the United States in the eighteenth century set back world civilization by 100 years, said Rev. Canon H. J. Cody, rector of St. Paul's Anglican Church, at the annual service of the United Empire Loyalists of Toronto yesterday evening. Canada had benefited by the migration to this country of the loyalists, who, he said, had injected elements of faith and loyalty which had become its dearest possession.
"The penalty the world has had to pay for that disruption of the English-speaking race has been the growth of two great forces; aggressive militarism and lawlessness," he declared.

St. Lawrence Report Unfounded

Ottawa, May 19.—Referring to a dispatch which he said had appeared in Washington newspaper recently, Hon. Peter Heenan, Liberal, Kenora-Rainy River, asked in the Commons yesterday afternoon if it was a fact the government would reply to the United States note on the St. Lawrence waterways next month, and would say there appeared to be no need for proceeding with the project for a joint project.
Premier R. B. Bennett replied the government had no knowledge of any news dispatch giving the information referred to by Mr. Heenan. Any such dispatch was without authorization so far as the government was concerned.

COMMONS AND MAY 23

Ottawa, May 19.—That the ministry had not yet discussed whether the Commons would sit on May 25, which was generally observed as a holiday, was a statement made by Hon. Hugh Guthrie, Minister of Justice, as the House adjourned yesterday evening. He appeared in reply to a question by a member.

WHAT THE FIGURES SHOW

CANADIAN TRADE FIGURES FOR THE
first month of the 1931-1932 fiscal year merit more than casual study. They show a drop in exports and imports for April of \$39,037,699 in comparison with the corresponding month last year—\$84,872,309 as against \$123,910,000. Imports were valued at \$50,198,198 and \$71,401,839 respectively, with exports at \$34,674,111 and \$52,508,169. Of this serious decline in trade for one month only approximately \$2,000,000 is represented by a falling off in the value of wheat and wheat flour exports.

Canada does business with nearly seventy countries and more than twenty of them, either by legislative enactment or by other means, have increased customs duties against Canadian goods in retaliation for the increase in the tariff against their products which the present government at Ottawa put into effect at the emergency session of Parliament last fall. Those countries that have not taken definite action with specific retaliatory measures are discouraging the purchase of Canadian commodities by various forms of propaganda, which practically amounts to the same thing. The figures we have quoted, of course, are the official statistics issued by the Department of National Revenue at Ottawa.

We have it from none other than Hon. H. H. Stevens, Minister of Trade and Commerce, that all the Canadian trade commissioners abroad were instructed, immediately the new government took office last August, to bend all their efforts toward broadening the markets for Canadian wheat and wheat flour—and for all the other products of our farms and factories. These business scouts unquestionably are doing their utmost to produce the desired results. But what arguments have these officials to offer when they are confronted with the reminder that Canada has raised the tariff barrier to goods produced in those countries to which she desires to sell more Canadian products? What on earth is the use of telling our trade commissioners to drum up more business when the very government which so urges them continues to make it more difficult to do so?

The Bennett government is pursuing a policy which seems utterly to disregard the fundamental fact that the prosperity of Canada depends almost wholly upon her foreign trade. Mr. Stevens said the other day the government was making "every possible effort" to find markets for Canadian wheat. These efforts will not be successful until it is realized that if Canada is to sell she also must be prepared to buy. That is trade.

An Ottawa dispatch yesterday forecast tariff changes on 400 items in the forthcoming budget. Presumably these changes will be increases and if they are it may be taken for granted that they will be made according to form, that is to say, without proper consideration of their effect upon the trade or economic condition of the country. Evidently, this is an open season for anybody who wants tariff protection, although it is a closed season for those who are wondering how long it will be before the government will recover from a mania which already has helped to lose for Canada over half a billion of trade. And what is the object of establishing another Tariff Board if the government proposes to go ahead and increase customs duties without reference to any investigating body?

A TASTE OF CHICAGO METHODS

LONDONERS ARE BEING TOLD BY A
number of newspapers that they should think twice before pointing the finger of scorn at Chicago. The press is alarmed by the increase in crime in the metropolis and other parts of the country. What is worrying the newspapers and the public more particularly, however, is the increasing number of robberies at the point of the gun.

One estimate puts the proportion of criminals in Great Britain who now carry arms as at least three times what it was before the war. It appears there were as many as 246 "smash-and-grab" raids in London alone last year, and in many cases the criminals were armed. Nearly 2,000 cars were stolen in the same period—many of them by motor bandits who abandoned them after they had been used for raids.

Scotland Yard has discovered a regular traffic in the underworld in the sale of revolvers, the guns being smuggled into the country from France and Belgium. This famous detective bureau thinks the only way to prevent gangster methods from becoming prevalent in Britain is to impose still more severe penalties on criminals caught in the possession of firearms, and to tighten up customs inspection at the ports.

As a rule the lawbreaker in Britain finds it difficult to leave the country if any sort of clue is available. The hue and cry usually reaches all ports ahead of him—and the mesh of the police net is a fine one. But the automobile has given crime a new and baffling mobility. Once caught, however, the punishment usually fits the crime.

A USEFUL REPORT

JUDGED BY THE COMPREHENSIVE
report of the representatives of Canadian business who recently toured South America, the exporters of this country will have a ample fund of information to guide them in their bid for new markets. And if wise fiscal policies are permitted to prevail at Ottawa, profitable results should follow.

The report in question embodies the views of the members of the delegation who came into business and social contact with representative business and government officials in the various countries included

in the tour. On the voyage south a number of committees were appointed specifically for the purpose of inquiring into particular opportunities for Canadian trade. Their work disclosed that out of the total import trade of Latin America amounting to about two and a half billion dollars a year, Canada's share of thirty-nine million dollars could be substantially increased, and that out of the three billion dollars that are exported from Latin America, Canada's purchases of some twenty-nine millions could be profitably expanded.

Manufactured products which it is believed could be featured in exporting to the Argentine are: vitreous chinaware, enamelled cast iron baths, flushing cisterns, iron and steel heating and cooking appliances, agricultural machinery, railway material, refrigerator cars, or equipment therefor, building equipment and hardware, electrical machinery and appliances, marine engines for motorboats, windmills and pumps, drugs and patent medicines, paper and stationery, bicycles, tricycles, roller skates, rubber footwear, sporting goods, automobiles, sewing machines, binder twine, rubber goods and tires, iron pipes, tubes and rods and canoes.

Other points mentioned in the report are the demand in the Argentine for the better quality silver fox furs of Canada; the opening for Canadian live poultry in Argentina and Brazil; the market in Trinidad for bee supplies from Canada; the opportunity in the Argentine for Canadian gypsum and asbestos. Although there is only a limited demand in the Argentine and Brazil for imported food products, it is said that more Canadian business could be done in high class food supplies, such as package tea, jams, pickles, sauces, confectionery, tinned fish, frozen fresh salmon, and apples during the off season. Reference is also made to a market for Canadian sugar in Uruguay.

The opinion is expressed in the report that a knowledge of Spanish might be more widely acquired by young men in Canadian universities and export companies, it being found in this regard that as Canadians prefer to do business in English so the business men of the Argentine prefer to conduct correspondence and interviews in Spanish and the Brazilians in Portuguese. The desirability of having export literature issued in Spanish and Portuguese is also mentioned, it being noted that the markets of Latin America are primarily those of quality so far as imported products are concerned.

KEMAL'S THIRD TERM

THE PEOPLE OF THE TURKISH RE-
public evidently do not propose to establish a popular United States tradition by requiring their president to make room for somebody else after serving two four-year terms. Mustapha Kemal Pasha has just been re-elected for his third period—fairly convincing evidence that he is satisfactory as the country's chief executive.

Although there is nothing in the American constitution which prohibits a president from running for a third time in the event of his nomination, it is a generally accepted rule that if he has not had enough of the White House in eight years, he must allow a term to elapse and then offer himself for nomination again. From time to time in recent years some opposition has been manifested toward the more or less hard and fast observance of this custom. Mr. Coolidge was pressed to run again, not only because he did not serve two full terms—he succeeded to the presidency on the death of Mr. Harding in 1923—but because he was considered an efficient executive. When a man proves himself thoroughly capable and is able to steer clear of political trouble it may seem foolish to let him go merely at the behest of tradition. Turkey apparently has decided that she does not propose to permit the custom to take root there.

WHAT OTHER PAPERS SAY

DANGERS OF THE ROAD

The Chicago Tribune

There can be, of course, no foolproof highway. But by raising and broadening radial trunk roads and policing them competently we can greatly reduce the rate, and especially we can protect children and to a greater extent motorists who are now the victims of other people's recklessness.

THE WALL STREET TARGET

The Detroit Free Press

The real tragedy of the 1929 crash in Wall Street was the universality of it. The few fellows who make a business of speculation and can better stand the loss are to be pitied sometimes when the market drops out from under them; but the little fellows, who risk their life savings and lose, although victims of their own cupidity, are much more to be pitied. A legion of the latter, scattered throughout the country, went to the wall when the last bull market collapsed. This was one of the features of that catastrophe which distinguished it from all its predecessors.

MORE AND MORE WEALTH

The Philadelphia Ledger

The wheat farmers of the world seem to be riding directly into enforced deflation. Lands laid idle by war have now begun to resume their wheat production of fifteen years ago. Lands taken over for wheat during and immediately after the war to fill the gap left by deserted fields are producing at the usual rate. The result is more wheat than the world can consume. Only two solutions are in sight. Either new markets for wheat must be opened up—new uses found for it or new consumers for it as foodstuff—or production must be curtailed. The new markets have not yet been found; they do not seem to be available over any of the visible horizons. Reduced production appears the one feasible remedy.

THE U.S. DEFICIT

The Saskatoon Star

The high tariff United States of America had a national deficit at the end of April of \$679,000,000, which is getting close to a billion dollars, in fact it is now assured that the deficit at Washington for the United States fiscal year will run well above the billion mark. The indication is plain that the republic is faced with higher taxes. The present United States Administration is adverse to increasing taxes as it realizes higher taxes will not be a help to the Republican party when it goes to the country in 1932, but it would appear to be an impossibility to get out of a billion-dollar deficit without doing something.

On the word of many United States observers it has been demonstrated to a large number of American business men that they have not been made prosperous by one of the highest tariffs in their history and a feeling grows that the Democrats missed their chance in 1928 of securing to their voters the low tariff

A THOUGHT

Your zeal has provoked very many a critic—think it is. Nothing great was ever achieved without enthusiasm.—Emerson.

Loose Ends

A new menace to our speech and our mentality—A new way to create business—And a new protest from a gallant goldfish breeder.

By H. B. W.

IT IS reliably reported to me by persons who go out into society and mix with their fellows, in a fashion impossible in these country wilds, that radio is already showing its effect on human speech. They assure me that, as a result of listening to radio announcements for several hours a day, people are beginning to copy them unconsciously. Already the radio announcer's soft, saccharine syllables are being introduced into civilized society, and probably it won't be long before the race is talking like an amateur elocutionist on his best party behavior. I can imagine few things worse than plain men and women adopting that soulful, pruned-and-prims language with which the radio announcer describes a waits by Strauss (and immediately afterwards and in precisely the same tone, the merits of a new tomato catsup).

THERE are a few things considerably worse, however, and it is about time that someone thought about them. If the radio confined itself to corrupting our speech in an ostensible effort to reform it, that would not be so bad. But it is also shaping our ideas, and our ideas even though they don't amount to much, are certainly too valuable to be left to such shaping. For no matter how badly the radio may shape your ideas, you have no way of correcting it. If some powerful organization hires the radio, as powerful organizations are doing all the time, and spreads its propaganda, you cannot answer it, no matter how objectionable and dangerous it may be to you and your young. You cannot go out and hire a radio station, unless you are rich and powerful, too.

THIS is the essential difference between the newspapers and the radio. The newspapers' columns are open to everyone who is willing to remain within the laws of decency and libel. The radio is open only to those who pay for it. The radio will broadcast a speech by any politician, industrialist, crank or faddist, if he pays the necessary fee; but if the politician, industrialist, crank or faddist, hasn't got the fee to pay, then he does not go on the air, no matter how important his message. The good news will be given space in their news columns to the King of England or the aldermen of Victoria. (The latter usually get more.) They will print the conservative views of Mr. Hoover or the ideas of Mr. Stalin on world revolution, without endorsing either, simply because they are news. In the columns devoted to letters to the editor, a street-cleaner is quite at liberty to attack a prime minister beside the religious views of some doctor of divinity. Why, the newspapers will even print stuff like this: "I have a dream, a vision, a revelation of my intelligence and fearlessness. But let the street-cleaner, or the prime minister, or the doctor of divinity try to broadcast their views on the air. Let me offer this stuff to the radio. All of it would be rejected, unless we paid heavily for the privilege. Then we could clutter up the atmosphere with any dull nonsense that we liked."

IN A DEMOCRATIC country this is a grave menace to good government, for in the end the air belongs to those who can pay for it, and very often they are wrong. In this community, of course, you can always find the final truth about things by looking for it in this column. But in other places, where there are without this facility, something will have to be done to save the public not only from soft radio speech, but from soft radio mentality.

BRITISH INDUSTRIALISTS, it is announced, are about to build 100 military tanks for the Russian Government, at a price of \$3,000,000. Short-sighted people are saying that it seems curious that people of our race should arm another people who are the sworn enemies of our system. Such critics, of course, do not understand the deeper truths of economics. By accepting an order for tanks from Russia, British industry receives \$3,000,000 to start with. But that is only the beginning. Having armed Russia against the world to their extent, it will be necessary, of course, to arm against Russia to at least a similar extent. All the other nations of the world will have to build tanks to meet those of Russia. Whereupon, of course, will need still more tanks to arm against the other nations. In this way, by the judicious sale of weapons to Russia now, British industry is creating a vast new business for itself. This is economics of a high order.

IT IS ALWAYS the most innocent actions and the best intentions that get one into the most trouble. Who would have imagined, for instance, that my weak-minded allusions to goldfish now and then would jeopardize my health and security? Nevertheless it is so. In discussing the family habits of my goldfish, I have offended a large and powerful gentleman, the cousin of many years, whose annoyance to me is so great that he has written me a letter, in which he has declared that I am a "goldfish breeder," and that he has decided to "goldfish" me. I don't know what I'm talking about, and apparently regards my recent utterances as a personal affront not only to the goldfish species but to himself. He has therefore communicated his disgust to a friend of mine, who has communicated it to me. He also has dictated a lengthy biological treatise on goldfish when he thinks I should publish to correct my own unscientific remarks on the subject. I don't know what I'm talking about, and apparently regards my recent utterances as a personal affront not only to the goldfish species but to himself. He has therefore communicated his disgust to a friend of mine, who has communicated it to me. He also has dictated a lengthy biological treatise on goldfish when he thinks I should publish to correct my own unscientific remarks on the subject.

DR. BREWING urged avoidance of fancy in religion, and opposed to his point of fact and similarity to his philosophical fancy when they conflicted with great religious facts. "Even in my own days," he said, "I have seen theologic books flash across the sky, but they themselves out and be forgotten, utterly forgotten, and their authors forgotten by us ever ready to aid and comfort," he said.

Dr. Brewing contrasted the music of a great, well-led choir and the result which would follow if each singer sang their own selection. "For young people must sing with the choir and play with the orchestra; so will you find your own music made more mellow and harmonious. You can only realize your

large and powerful gentleman fulfills his threat to call and argue the matter out with me personally. It is strange that a warrior so many would be so upset over the biology of goldfish. Life takes people in curious ways.

Twenty-five Years Ago To-day

THE VICTORIA DAILY TIMES

MAY 19, 1906

(From The Times File)

Victoria vim is at last being shown by investments of residents in real estate within the confines of the city. Several details are now under way, but one or two of some importance have been closed during the past week. Yesterday Alexander McDermott, the well-known contractor, purchased through B. S. Heisterman and Company, two and a half acres on Quadra Street above the Vaughan place.

The final draft of stations for the British Columbia conference of the Methodist Church was presented at the last evening's sitting of that body. The stationing committee has had a heavy task it would appear, and a large number of changes from the original draft were made. Victoria district has been very much altered by the new draft.

Weather forecast—Victoria and vicinity: Light to moderate winds, mostly cloudy, with showers to-night or Sunday, and not much change in temperature.

A three-foot sidewalk encircling the earth, as the engineers could be constructed with the lumber cut in British Columbia mills last year. On it, in imagination, one can see an army of 30,000,000 men, each carrying along a hundred weight of coal and coke, removing the province's production of mineral fuel during the same period. Another way to put four feet apart along the whole distance of 25,000 miles. Not only this, enough lumber would be left to build a good two-room ten mile of the distance where the packmen, wearing with their heavy burden, could recline at ease.

Lee Morris and his stock company last evening gave an excellent performance of the well-known English farce comedy, "Turned Up."

"FLY, BUT KNOW WHERE YOU GO" YOUNG ADVISED

Dr. Willard Brewing Gives Brilliant Address Before Young People Yesterday

Declaring an indisputable sign of advancing age to be development of opinion that "things to-day are not as good as they were when we were young," Rev. Willard Brewing, D.D., yesterday evening gave a delightfully witty address at First United Church before a large audience, under the auspices of the Young People's Union of Victoria Presbytery.

James Haig, president of the union, occupied the first of the evening being one of the featured sessions of the United Church Conference. "What is all this mad outcry about 'freedom'?" he asked, and the "revolt of youth?" You cannot ignore it. The matter is not one for suppression. It is dangerous indeed. Let us all agree to-night that young people were at one time too subject to their parents. There is no parent here to-night who will agree, but let us agree nevertheless. I am one of a family of twelve. I have no children, but the best sermon on raising children are preached by childless pastors.

These young people are going to break the way when they grow up and sing what they wish. Very good indeed, provided they know where they are flying and what they are singing about. Let us young people be them to where they planned to go it is well the young should exercise a substantial freedom. Dr. Brewing said, "Fiction is not worse than fact; fiction pictures the ideal, what might happen, often what should happen. A runaway horse is often far more interesting than a driving one. There may be a dozen you here to-night who know what a horse looks like. A score may pass well driven, nobody pays attention, but let some old workhorse see. It is interesting, but that sort of horse is not the type I want my boy to drive," he said.

He quoted a few lines of original poetry as to a meteor which flamed through the heavens but burned itself out, and touching upon Emerson's advice, "Follow your own star," he declared the inner meaning of the advice to be to the tightly to God's ways and immutable laws.

FANCY VS. FACT
DR. BREWING urged avoidance of fancy in religion, and opposed to his point of fact and similarity to his philosophical fancy when they conflicted with great religious facts. "Even in my own days," he said, "I have seen theologic books flash across the sky, but they themselves out and be forgotten, utterly forgotten, and their authors forgotten by us ever ready to aid and comfort," he said.

own individuality as it serves other people. Nobody is born free; there never was a free-born infant. It is not a pretty sight to see a young man or woman breaking away from the guidance of their parents," he said. "I should like to see all living along the line of least resistance; that line for a stone is downward, because the stone is dead, the line for a seed is upward, the life within forces its effort upward to the light," he concluded.

BOYS' WORK REVIEWED
Frank Fidler, boys' work secretary of the Religious Education Council, gave a brief review of the activities of young people's activities in British Columbia. Stewart and the Premier mine, where every boy and girl was attending Sunday school, were cited as examples of successful work. At Vancouver the young people were studying social problems, international relationship and similar subjects, and Fidler told of the manner in which members of the boys' parliament pass other laws benefits acquired through Tuxis and similar organizations.

Other People's Views

CAMPBELL'S DEPORTATION

To the Editor:—This is a copy of a letter sent as addressed. Will you kindly publish it?

HANS KWEEGER,
Hon. Secretary,
The Workers' Alliance, 880 Craigflower Road, Victoria, B.C., May 16, 1931.

The Deputy Minister of Immigration, Ottawa, Ont.:

Dear Sir:—The Workers' Alliance of Victoria and vicinity, at their last meeting, passed a unanimous resolution, condemning the deportation order against Allan Campbell of Vancouver, B.C., for alleged inciting to riot and sedition. It cannot be viewed in any other light than as a provocative measure against the workers and an attempt to deprive them of good and successful leadership.

We also protest his incarceration for these offences, which in the last analysis are as nothing compared to the acts of the employing class, particularly large public service, and the railroads, manufacturing concerns, etc., in inciting the workers to acts of desperation and great misery by the lowering of their wages and deprivation of the means of life while continuing to enjoy huge profits and vaulting their wealth in arrogant and shameful display.

In sending this most emphatic protest, we earnestly request the immediate and unqualified release of Campbell, and all other workers detained for similar acts.

HANS KWEEGER,
Hon. Secretary, Workers' Alliance.

FERNICIOUS LITERATURE

To the Editor:—I am enclosing you a copy of a resolution passed at our regular county meeting held March 30, 1931, and desiring that action be taken relative to same, to assist in obtaining legislation regulating this evil, as we consider it to the well-being of the homes of our fair land, and to the young people of our nation, whom we wish to bring up as good citizens, living up to the high ideals of our British institutions, and ever striving to maintain same in this fair Canada of ours.

"Whereas, the members of Vancouver County L.O.L. No. 1, in session at Vancouver, B.C., are gravely concerned at the increasing number of foreign magazines and periodicals on sale in our city, and other cities of Canada;

"Whereas, that many of these publications are of a salacious nature with emphasis on sexual matters both in their columns and advertisements, some being positively indecent, while many others specialize in stories of crooks and crime;

"Whereas, that the majority of them contain articles and stories which are detrimental to our Canadian and British ideals and the upbuilding of our national culture. In like manner is their advertising detrimental to our economic welfare;

"Whereas, that the continued reading of these publications, especially by the youth of our nation, is leading to moral and physical degeneracy, with increase in crime, disease and unhappiness, and that the time has come when steps should be taken to turn off this sewer now pouring a continual stream of filth over our borders;

"Therefore, be it resolved, that we call upon His Majesty's Government in the Dominion of Canada, now in session at Ottawa, to take such legislative action as may be necessary to deal with the situation, and protect our people from this insidious menace to their well-being."

S. C. KNOWLES,
County secretary, 1935 York Street, Vancouver.

SINGLE TAX

To the Editor:—Re letter Alexander Hamilton, your issue of May 15, in which he prefaces by "thanking you heartily for publishing all his letters, and for your policy of giving him play and equal opportunity to all opinions is highly commendable." In these expressions of appreciation of your paper on my behalf, I heartily concur.

In the illustrations that he gives of advances in values of land which single taxers call "unearned increment" he shows only the credit side of the ledger. He has nothing to show on the debit side for the 101 years' taxes, or the interest on them, or on the original capital. My dear Mr. Hamilton, come, come.

We "have been" landowners are beginning to do some checking up, and are letting go, regretting we did not do it before. Soon if not already the combined land and building owner will regret forcing us out, as he has to surrender the lost value in view of the widespread cheapening of all land, somewhat suddenly discovered in the wider independent international atmosphere prevailing since vacant land owner is more to be commiserated with than persecuted.

The genius of all business is based on making it worthwhile for one to exchange with another for value received. It should not be necessary to have a house fall on one before perceiving it is falling down, as seems to be the case with single taxers, for some of them won't take a hint that the reason is that taxes are too high when thousands of lots and acres are abandoned. Or that the stupid line of single tax does not alter the bulk sum exacted in taxes, but simply changes the way the money is paid, and always in favor of owners of larger buildings and against the owners of the smaller, to the ultimate detriment of all by forcing surrender of vacant land.

It is beginning to be recognized as generally sound business doctrine, that cost shall follow or be charged against the cause—just as the gasoline tax follows the motor. I submit that the cause of all the

following part of last year's costs are the properties with improvements and the occupants thereof:

Schools	\$ 582,945
Fire Department	187,081
Miscellaneous (practically dead)	185,416
Police	113,559
Interest	737,323
Sinking Fund Payments	177,356
Installments on Loans and	113,559
Serial Bonds	204,704
Waterworks	64,943
Booke Lake	181,054
Hospitals	67,681
Street Lighting	59,828
Sewerage	42,150
Garbage	42,150
Parks	42,644
Library	34,780

Total, \$2,889,602, out of a total disbursement of \$3,222,726.72. Vacant land pays frontage tax on sewers, water and local improvements, all of which have to be assumed by city on surrender.

I have shown that fifty-three corporate bodies have learned by bitter experience the fallacy and inequity of single tax acts, are operating under the mongrel form, forty of them have reached the stone wall embargo of the Legislature preventing taxation of more than fifty per cent of improvements. Thirteen more are on their way, representing an aggregate corporate population of 316,350, so that I think I can fairly say I am winning my case.

I am reminded of a story of a middle-aged spinster being bantered by her circle of younger acquaintances after her age, replying as follows: "I know I am not what you would call a young person. I am what I would call a woman of experience, and I have found out that sometimes after you have got it you wonder what you wanted it for." This, I think, illustrates the attitude of the victims and former owners of reverted lots of which there are now 3,908.

JOHN DEAN.

Monday, May 25, Native Sons' excursion to Seattle, C.N.S. Prince Robert.

Suffered With Breaking Out a Year. Healed by Cuticura.

"For a year or more I suffered with a breaking out on my forehead. It started with a rash but kept getting worse until my forehead was covered with small, red pimples. The irritation was so severe that I used to scratch at night and my forehead was disfigured very badly. The trouble was so severe that I lost many nights' sleep. "I read an advertisement for Cuticura Soap and Ointment and sent for a free sample of each. I purchased more and after using three cakes of Cuticura Soap and one box of Cuticura Ointment I was completely healed." (Signed) Miss Olive Casman, 9633-109 A Ave., Edmonton, Alta., Oct. 15, 1930.

Soap, Etc., Ointment 25¢ and 50¢ Talcum Etc. Sold everywhere. Sample each free. Address Canadian Depot: J. T. Webb Company Limited, Montreal.

FALSE TEETH ARE A GREAT INVENTION BUT
KEEP YOUR OWN AS LONG AS YOU CAN

Pyorrhea has no respect for you

PYORRHEA, a dread disease of the gums, comes to four people out of five past the age of forty. It is an insidious foe that may infect the mouth of youth and lurk in the gums for years before beginning its real work of havoc.

It starts with tender gums that bleed easily when brushed. As it progresses it spreads dangerous poisons throughout the system, often loosening teeth in their sockets until they fall out or extraction is necessary.

False teeth at best are only a substitute for your own and so often they are only the penalty of thoughtlessness and neglect.

A dentist perfected Forhan's to fight pyorrhea

At the first sign of pyorrhea go right to your dentist for a careful oral diagnosis. Modern dentistry can work wonders and save you untold trouble if you rely on it in time.

Between visits to your dentist your teeth are your own responsibility. Therefore choose your dentifrice with utmost care.

Forhan's is the discovery of R. J. Forhan, D. D. S., who for 26 years specialized successfully in the treatment of pyorrhea. It is unique in that it contains the benefits of an ethereal preparation developed by Dr. Forhan, which thousands of dentists use in the treatment of pyorrhea.

Don't gamble with pyorrhea

It is really folly to take a chance. Decide now not to gamble any longer. Visit your dentist regularly and brush your teeth with Forhan's twice a day. You can make no finer investment in the health of your mouth and the safety of your teeth. Forhan's Ltd., Montreal.

Forhan's
FOR THE GUMS

False teeth often follow pyorrhea, which comes to four people out of five past the age of 40

Liquor, Sweeps, Relief And Peace Are Debated

United Church Conference Refuses Official Support For Extreme Pacifism

Prohibition Activities Endorsed and Hospital Sweepstakes Plan Denounced

Total prohibition of the liquor traffic and opposition to sweepstakes for hospitals, legalization of racetrack betting, and similar drawings by churches, benevolent organizations or other bodies, were recorded yesterday afternoon by the British Columbia Conference of the United Church, in session at First Church. Speakers declared that, from the point of view of hospitals, revenues from sweepstakes would prove unstable and that the policy of relying upon such financing measures was unsound.

Rev. Hugh Dobson warned that a strong campaign for the popularizing of brandies imported from Europe was about to be undertaken by the liquor interests and that plans were being laid for manufacture of brandy in this province, using home-grown fruits. A resolution of appreciation of the labors of Rev. R. J. MacIntyre as secretary of the Prohibition Association was passed by the conference.

NO PACIFISM

Much discussion was caused by a resolution dealing with the outlawry of war. It was pointed out that a resolution before the conference endorsed the Fellowship of Reconciliation movement, and therewith personal renunciation of war as being incompatible with the teachings of Jesus. The resolution was amended to limit the action of the conference to recommending consideration of the Fellowship and its objects after Rev. George W. Dean had protested that, by endorsement of the Fellowship, the conference would place itself on record as supporting extreme pacifism. "I had a boy; he rests on Vimy Ridge. I had rather have him there than a pacifist," he said.

A special committee reported that the existing surplus of ministers was apparently temporary and did not warrant legislation. Before such could

become effective the shortage of positions might be converted into a shortage of ministers. Superannuation of a number of senior ministers might provide a solution of the problem for the time being.

FORSEE NEED OF RELIEF

Resolutions were passed calling upon provincial and municipal governments to promptly prepare to handle the relief problem next winter. It was stated that the unemployment situation would probably be acute next winter. Establishment of a direct relief fund, similar to the federal appropriation of \$4,000,000 made last winter, together with formation of some form of unemployment insurance which would place the cost of relief on the community as a whole, were endorsed by the delegates.

SERVICE BEFORE PROFIT

The conference went on record as advocating "love and service" as the motives of business rather than profit. It being explained that the term "love" was used in the scriptural sense derived by Kagawa of Japan rather than to the modern acceptance of the word. Rev. Mr. Dean warned of endorsement of the doctrines of the Soviet Republic, where he said "love and service" were the guide under which slave labor was being exploited.

Rev. O. M. Sanford said the doctrine of Christian love should be set before the world as a desirable replacement of profit alone in industrial motivation, though all profit-making was not to be expected to be dropped out of business affairs. The resolution then passed.

The conference went on record as supporting the six-day week and passed a vote of appreciation of the efforts of Rev. G. T. Webber, secretary of the Lord's Day Alliance, for the enforcement of the Lord's Day Act.

VOICE APPRECIATION

The services of Rev. O. M. Sanford as president last year were recognized by a special resolution and Rev. A. B. Archibald, secretary, and Rev. W. P. Blunt, treasurer, were also thanked for services throughout the year.

Other thanked by resolution were Rev. G. O. Falls, treasurer of the emergency fund committee, Mayor Anson, First United Church, for hospitality, and the other churches of the city for their entertainment of delegates.

General council officers, Rev. Robert Laird, D.D., Dr. S. W. Falls, Dr. A. E. Armstrong and Dr. Hugh Dobson, were thanked for their attendance at the conference and Rev. T. Keyworth was given a vote of appreciation of his skillful planning of the conference business sessions.

The work of the British and Foreign Bible Society in British Columbia was officially recognized and endorsement was accorded the society's appeal for financial aid.

A special resolution paid tribute to Rev. Dr. W. J. Sippell, recently pastor of Metropolitan Church, for more than thirty years ministry in British Columbia.

A fund of \$1,346 was subscribed by the delegates at the close of the afternoon session, to be used to provide for unattended ministers.

TO CONSIDER DAIRY PLAN

New Health By-law Amendment Faces Rough Passage in City Council

After defeating one clause, considering the deletion of another and refusing to shelve it for two weeks, the City Council yesterday afternoon turned about face on the proposed health by-law amendment and decided to refer the whole thing to a special committee for investigation.

The amendment has to do with the limiting of the number of cattle or goats that may be kept on premises in the city to two, thus eliminating practically all dairies from the city limits.

Dr. Richard Felton, health officer, pointed out twenty cow dairies and twelve goat dairies would be affected, but it was not planned to put the regulations into force until June next year.

Aldermen Dewar, Worthington and Peden were against the idea, the latter proposing it be shelved for two weeks as a committee investigate. His motion was defeated on a six-five division.

The first clause dealing with the limiting of dairies was then put to the council for second reading and defeated. Alderman Dewar moved the second clause, dealing with the distance of a cow shed from a house be deleted but a motion by Alderman Peden to refer this to a committee passed.

Then the first clause was reopened and also sent to the committee. Alderman Peden, H. O. Litchfield and R. T. Williams were named on the committee.

SAYS FARMERS PROSPEROUS UNDER TOLMIE

Increased Production and Better Marketing Claimed By Atkinson

Claiming British Columbia farmers were prospering as a result of increased production and better marketing achieved under the Tolmie Government, the Hon. William Atkinson, Minister of Agriculture, addressed the Women's Conservative Association at Conservative headquarters yesterday.

Mr. Atkinson praised the work of Hon. T. O. Coventry, markets commissioner, for the fine market he had secured in England for B.C. apples, and said that the only drawback to the shipping here did not take full advantage of it. The prosperity features Mr. Atkinson

highlighted were the fact that in 1930 two million bushels of apples were shipped to the Argentine. Last year thirty-nine cars were sent to the same country. In 1930 Egypt bought no British Columbia apples; last year twenty-three cars were sent there. Apples and dairy products were ex-

ported to Hongkong last year, and a trial shipment of 500 rose bushes was made to the Orient. These roses were planted in the grounds of the British Legation at Peking.

Trade with the West Indies was increased, and British Columbia received three shipments of Jamaica oranges and grapefruit.

British Columbia-raised rabbits were exported to Japan.

Apple shipments to Great Britain totaled 723,000 boxes in 1930 and more than 1,250,000 in 1931.

Honey production in British Columbia in 1930 showed an increase from 989,309 pounds to 1,121,325 pounds.

Tobacco was another crop that showed an increase, the value in 1930 being \$22,136, as compared with \$17,569 in 1929.

Seed production was valued at \$100,000, as against \$94,418 the previous year and nursery stock in 1930 was valued at \$135,000, a gain of approximately \$8,000.

Butter manufactured in 1930 totaled 4,980,442 pounds, while in 1929 it totaled 4,692,000 pounds. Cheese making showed an enormous increase advancing from 39,450 pounds in 1929 to 860,000 pounds last year. Evaporated milk showed a gain from 284,500 cases in 1929 to 327,300 cases in 1930.

Dairy herds census showed an in-

WARM PRAISE FOR PIANISTS

Harold Samuel Commends Young Students in Vancouver Festival

Vancouver, May 19.—"I am proud to say that in making this award, I am giving the highest marks yet bestowed on any contestant, since I have been coming to the musical festivals of western Canada," said Harold Samuel, adjudicating at the B.C. musical festival here yesterday evening. His reference was to the class for piano students under thirteen years, preliminary and final, the silver medal going to Peter McTavish of Vancouver, who won an aggregate marking of 342. Alice Goodard, also of this city, came next with a marking of 329.

The winner is now eligible to compete in class 73 for the junior piano championship, contending with Miss Norma Gallia of North Vancouver to hold the silver cup presented by the Victoria Ladies' Musical Club.

TO CONTEST SOLO CHAMPIONSHIP
After a preliminary test in which thirty-two students took part, the final award for the dramatic soprano class 47, fell to Miss Louise Skir of Vancouver, who was awarded the gold medal. She will also be eligible to compete in the vocal solo championship, contending Friday evening the right of Miss Isabelle Crawford of Victoria to hold the silver cup, which she won last year.

In class 38, the silver medal for ladies' quartette singing was won by the Arion quartette of Vancouver, with 85 marks. Dundarave quartette took 84 marks, and the Georgian quartette 84.

In class 36 for Sunday school choirs, preliminary and final, there were four entrants. Wesley Church Sunday school choir, which has held the Terminal City shield for all competitors for six years, lost it to Chown United Church S.S.C.

JAPANESE CHOIR
An arresting feature of this contest was the Parvian Baptist Japanese choir, comprised of thirty-five young girls, whose parents hailed from the land of the kimono and cherry blossom, but all of whom were able to sing in as good English as any Canadian choir.

In class 16, male voice choirs, boys' section, competing for the Vancouver Welsh choir shield, held by Templeton Junior High, there was one entrant, Kingsway West School Burnaby being permitted to keep the shield for another year.

House Wedding Unites Popular Young Couple

The home of Mr. and Mrs. D. J. Miller, 1009 Amphion Street, was the scene of a pretty wedding on Saturday evening when their only daughter, Marion Elizabeth (Betty) became the bride of Mr. John Davis, son of Mr. J. Davis, of this city, and a grandson of Mr. and Mrs. A. Clayton, Johnson Street. Rev. Hugh Nixon officiated.

The bride entered the drawing room on her father's arm as Lohengrin's Wedding March was played by Mr. Fred Campbell, and took her place beside the bridegroom beneath a floral arch surrounded by large baskets of flowers. She looked lovely in her wedding gown of ivory crepe-black satin and lace, fashioned on princess lines. She wore a pretty hat of ivory lace and carried a bouquet of Ophelia roses and sweet peas.

Mrs. Horace Burnsby, as matron of honor, was prettily gowned in flowered nylon in shades of orange, and her bouquet was a spray of anemones in harmonizing tones. Little Cecile Pagetti was flower girl in a pretty white lace frock and carried a basket of lilies of the valley, sweet peas and fern.

Mr. Lawrence Brydson acted as best man. During the signing of the register, Mrs. Joseph H. Grant sang "Blessed Be" a reception was held immediately after the ceremony, when the bridal pair received the felicitations of their friends, assisted by the bride's mother, wearing a handsome gown of flowered georgette in shades of blue and rose. Supper was served by girl friends of the bride from a table prettily arranged with pink sweet peas and tall pink candles, and centered by a three-tiered wedding cake. The bride and bridegroom received many handsome gifts.

Mr. and Mrs. Davis left later on a motor trip to Island, the bride traveling in a beige silk dress with coal and hat in tones to harmonize. On their return they will reside on Washington Avenue. Many useful and beautiful gifts were received by the young couple.

SCHUMANN-HEINK AND HER SON

Seventy years old on June 14, Madame Ernestine Schumann-Heink will observe the anniversary by singing in a benefit recital for the unemployed at her home in Coronado, Calif. Her accompaniment will be provided by 212 musicians. Here the world-famous diva is shown in her most recent photo with one of her sons, Henry.

Mrs. C. P. Armstrong, York Place, is spending a few days at Shawinigan Lake as a guest at The Forest Inn.

Mr. and Mrs. W. J. Lynch of Ottawa are staying at The Forest Inn, Shawinigan Lake.

Mrs. C. J. B. Hadow and Miss Audrey Hadow are spending a week at The Forest Inn, Shawinigan Lake.

Mrs. Le Cappelain of Point Grey has returned home after visiting in Victoria, a guest of Dr. and Mrs. Alexander Robinson, Mount Tolmie.

Word has just been received by Mr. Harold E. Alder, son of Mr. and Mrs. W. J. Alder, Hampshire Road, from the University of B.C. that he has successfully completed his third year.

Mrs. Harry Everett of Montreal, accompanied by her two children, arrived in Victoria this afternoon on a visit to her mother, Mrs. E. Brynolfson, Newport Avenue, Oak Bay.

Mrs. Knox Walker, who was the guest of Mrs. E. J. McPhee at Saanichton while in Victoria for the B.C. golf championship, has returned to her home in Vancouver.

Mrs. Roger Monteith and Miss Betty Monteith, who have been spending the last year visiting with relatives in England, are en route to their home in Victoria.

Mrs. R. Lowe of Vancouver, accompanied by her two children, arrived in Victoria yesterday afternoon and will spend a month here as the guest of her parents, Mr. and Mrs. John S. Bowker, Beach Drive.

Rev. T. H. Wright, of Hazelton, and Mrs. Wright, who were in the city for the B.C. Conference of the United Church, and guests of Mrs. John Hall, Belmont Avenue, left this morning for their home on the mainland.

Mr. and Mrs. C. H. Bradshaw announce the engagement of their youngest daughter, Clara Elizabeth, to Mr. Bryce F. Stewart, son of the late Mr. and Mrs. Duncan Stewart of Victoria, the wedding to take place early in June.

Dr. A. E. Mitchell of Vancouver, president of the B.C. Conference of the United Church, and Rev. Currie Thompson of Quebec, B.C., who have been the guests of Rev. Dr. W. G. Wilson, Pemberton Road, during their stay in the city, left to-day for the mainland.

Miss Dorothy Tremayne of William Head will leave on Monday for an extended visit in the eastern States. She will be the guest of her brother-in-law and sister, Dr. and Mrs. Richard Stiefel of Detroit, for some time, and will also visit other relatives and friends in the east.

Mrs. William Short of Edmonton, who has been spending a few days in Victoria as the guest of Mr. and Mrs. J. W. Morris, Beach Drive, en route home from California, has left for the mainland on her way to her home in Alberta.

Mr. and Mrs. F. W. Loring, Ormond Street, returned to their home in Victoria this morning from Vancouver. While on the mainland Mr. Loring addressed the Normal School students on "The Possibilities of the Peace River District." Mrs. Loring, who went over to the mainland on Friday last, attended the annual meeting of the education auxiliary of the United Church, which was held in New Westminster on Saturday.

Rev. Dr. W. J. Sippell returned to Victoria yesterday after an absence of some months abroad, and is the guest of Mr. and Mrs. J. H. Sippell, who have been proceeding to Moose Jaw, Sask., to take up the new pastorate at Zion Church. Dr. Sippell spent the winter at Auburn, N.Y., and New York City, attending the Union Theological Seminary at the latter city throughout the winter. He then proceeded to England and spent some time in London and Oxford, before sailing on the Mediterranean cruise. Visiting Naples, Athens and Constantinople. Dr. Sippell spent three weeks in Palestine and three weeks in Egypt before sailing for Canada.

Excursion to Seattle, May 23. C.N.R. "The Robert. Reserve party." Tickets limited.

VERNON GIRL IS KILLED IN EAST

Miss Cathaleen Homer Dixon Victim of Auto Crash; Relatives Here

Philadelphia, May 19.—Miss Cathaleen Homer Dixon, twenty, of Vernon, B.C., died yesterday from injuries received in an automobile collision five hours earlier in West Philadelphia.

Crewshaw McElroy of this city, with whom Miss Dixon was riding, was seriously injured. Allan Miller, driver of the other car, and a companion, were slightly hurt.

Miss Dixon, a niece of Mrs. Arthur E. Newbold, prominent in Philadelphia society, had been living in Philadelphia for the last year and a half.

She is said to have been catapulted from the car by the force of the collision and struck her head in falling into the street.

Miss Homer Dixon is a niece of Lieut.-Col. and Mrs. F. Homer Dixon of Victoria.

C.G.I.T. Council Makes Plans For Summer Camp

A short meeting of the Victoria C.G.I.T. Council was held in the Y.W.C.A. yesterday evening with the president, Mrs. H. Nixon, in the chair. Plans for the girls' summer camp to be held at Maple Lawn, Sooke, from July 27 to August 6, instead of July 17 to 27, were discussed. The date has been changed in order not to conflict with the Jubilee celebrations. The following committees were appointed: Promotion, Misses G. Beall, O. Heritage and W. Urquhart; programme, Mrs. H. Nixon, Mrs. A. J. Daniels, Misses J. Menzies and J. Smith.

Registrations for camp should be left with Miss McLeod at the Y.W.C.A. as soon as possible. Miss Clara E. Maxwell of Vancouver has been invited to direct the camp and will be assisted by experienced group leaders. Two new leaders from Esquimalt and Victoria West were welcomed to the council.

The next leaders' meeting will be held at 7:30 o'clock in the Y.W.C.A. on June 24.

Canadian Daughters' Annual Convention In Edmonton Soon

When the Canadian Daughters' League of Canada holds its eighth annual convention in Edmonton on May 27, 28 and 29, members of the grand executive who will go from this province are: President, Mrs. James A. McLeod; junior past-president, Mrs. H. L. Ross; secretary, Mrs. H. M. Perkins; treasurer, Mrs. A. P. Beaven; press correspondent, Mrs. C. J. Ellis; and conveners, Mrs. B. J. McLean, Mrs. J. J. Schell, Mrs. S. E. Ross and Mrs. S. Bliss, all of Vancouver. The sergeant-at-arms, Mrs. M. Gardiner of Victoria; officer, Mrs. E. M. Shove of Abbotsford; and first vice-president, Mrs. T. O'Neil of Kamloops, will join the party.

Other grand officers who will be in attendance are second vice-president, Mrs. G. Stewart of Edmonton; sentinel, Mrs. F. Wilson, Fort William; historian, Mrs. E. J. Roche of Regina; and pianist, Mrs. D. Powers of Edmonton.

While in Edmonton the grand officers will make their headquarters at the MacDonald Hotel. Many important resolutions will receive attention and educational and constructive work will be discussed.

Delegates are expected from Montreal, Ottawa, Toronto, Port William, Port Arthur, Winnipeg, Moosejaw, Regina, Jasper, Kamloops, Edmonton, Victoria, Courtenay, Port Alberni, Hazelton, Abbotsford, as well as various assemblies of Greater Vancouver.

Hollywood C.G.I.T. Staged Attractive Concert Saturday

The Hollywood Sunday school hall was well filled on Saturday evening for the concert, held under the auspices of the Hollywood group of Canadian Girls in Training. W. Hyslop very capably handled the duties of chairman. Miss MacQuinn Daniels, well-known local pianist, opened the programme with a pianoforte solo, while vocal solos were contributed by Mesdames J. Kyle, G. Gault, W. Grant and Miss C. Harlow. Mesdames Dorothy Plumb and Alice Schellen delighted their audience with a vocal duet, while the instrumental trio, composed of Misses D. and M. Plumb and J. Kyle, was warmly applauded, as was also the violin solo given by Miss C. Lang. Humorous recitations were given by E. G. Marriott and J. Walker.

The playlet entitled "Buying Eggs," presented by Mesdames Phyllis Bayle, Barbara Daniels and Jean Hyslop, caused great amusement, and the "Camp Scene," put on by the C.G.I.T. group, consisting of a lively sing-song and story, showed clearly what a good time the girls enjoy at camp.

At the close of the concert a very hearty vote of thanks was tendered to the artists and parents of the girls.

God-daughter Of Queen Engaged

London, May 19.—An announcement was made to-day of the engagement of Miss Mary Margaret Elizabeth Mercer, god-daughter of Queen Mary and stepdaughter of Major John Jacob Mercer, to Capt. H. Middleton of the Goldstream Guards.

THE SPA OF CANADA

A BIG ONE WAITS IN EVERY POOL

"I've waded the rivers of Scottish highlands and English country estates, but man alive, how can one compare them to the tumbling streams near Harrison!" says Sir Percival, famous sportsman and globe trotter. "There are pools out here where the hungry trout snap at every cast of one's fly... it's a virgin country of lovely streams, waterfalls, pools and lakes."

Take Sir Percival's advice and choose Harrison Hot Springs Hotel for your springtime vacation. After a day's fishing one trudges back to the hotel with a full creel. Then a plunge in the indoor pool of Nature's Healthgiving Waters, a rub down by an expert masseur and one is ready to enjoy dinner and an evening relaxing in gaiety that of the famous spas of the continent... dancing, bridge, strolling under the moon in the English rose gardens beside a lake of glacial blue waters, backed by soaring snow peaks. Golf, tennis, hunting, fishing, boating and hot springs treatments equal to the best Europe can offer, will make a new man of you.

A two-hour motor drive from Vancouver and about four-and-a-half hours from Seattle via Bellingham and Sumas... both magnificent motor trips. Roads in finest condition. Hotel bus meets all trains, Canadian Pacific or Canadian National Railways.

OPEN ALL THE YEAR 'ROUND

Notes are from \$35 to \$55 per week, 65 to \$10 per day, including meals and room; also special de luxe rates. Reservations by wire collect. Write for illustrated booklet of "The Spa of Canada."

Musical Arts Society Had Year of Splendid Progress Annual Reports Reveal

Mrs. J. O. Cameron, President, Observes Generosity of Local Artists Responsible for Low Membership Fees; Five New Directors Elected; Enjoyable Programme

"It will not be possible at any time to give two programmes a month of the high order of those we have had this year, with a membership of 500 and a fee of only \$2 each, unless the local artists generously continue to donate their services as they have done throughout the year. Is it fair that a few should give unstintingly of their time and talent to enable the many to enjoy the result at the small fee of \$2, with a wonderful recital like that of Sunday's thrown in? This is a matter well worth considering."

The above was one of the interesting points raised by Mrs. J. O. Cameron in her address as president at the annual meeting of the Victoria Musical Arts Society held in the Shrine Auditorium yesterday evening, at which she presided. About 200 members attended the business meeting, and enjoyed the delightful little programme and dance which followed the more serious business of the evening.

A SPLENDID YEAR
Reports presented showed that the society has come through the first year of its organization with flying colors, with a total membership of 492, including 323 senior members, 105 junior members, and sixty-four juvenile members, a balance in the bank of \$611.84, and a record of splendid programmes of wide variety and very high standards.

Mrs. Cameron, after noting that the Victoria Musical Society is unique in its make-up, and the only one operating along its lines in this part of the world, recalled its rise, phoenix-like from the ashes of the Ladies' Musical Club. She paid tribute to that defunct society for its pioneer work in musical accomplishment in Victoria in encouraging young musical talent, and also in bringing great artists to this city, but expressed the belief that the success of the new society in the first year of its existence had proved clearly that those who were concerned in the dissolution of the old organization and the formation of the new had been justified in their action.

"When we organized the Musical Art society we took over two assets of the

Ladies' Musical Club. The balance of \$740 has been held in trust as it were, and through the generosity of our local artists we have been able to finance the society without drawing on the amount we inherited. The other asset, the Junior Club, organized in 1928, has continued to grow and flourish, and the Juvenile Club, while organized last fall by this society, was in process of being organized by the Ladies' Musical Club a year ago last spring," continued Mrs. Cameron.

OFFICERS THANKED
The president acknowledged the very generous assistance given to her by Mrs. Walter McChickling, whose place Mrs. Cameron took on the organization of the new society, and paid tribute to the artists whose generous contribution of time and talent had made the first year so great a success. She thanked the various officers and conveners, including Mrs. T. H. Johns, the indefatigable secretary, the press committee, L. G. Burdon-Murphy and Stanley Bulley, and the press, Miss Greta Harper, the "careful and conscientious treasurer"; Mrs. W. A. Jameson, who convened the programme for the year; Mrs. Marion McGovern and Mrs. McChickling for their work on the juvenile branch; Mrs. Jameson, Miss Dumbleton and Miss Harper for their work in connection with the juniors; Mrs. Rose and Mr. King for looking after the printing; and Mrs. W. G. Wilson, Mrs. Dilworth and L. G. Burdon-Murphy for assistance in many ways.

At the close of her address, Mrs. F. G. Aldous, on behalf of the society, and Mrs. Cameron with an exquisite basket of iris, delphinium and snapdragons in recognition of her able leadership.

SECRETARY'S REPORT
Mrs. Johns reviewed the work of the year in her very comprehensive and interesting report. She noted, in part: "The object of this society is two fold; first, the advancement of music and the allied arts, and second, to create a scholarship fund in our city. As far as the first object is concerned, our programme of this year was designed with that primarily in view, and there has been a judicious mixture of music of all types as well as the drama and the dance. This is a good policy to pursue is shown by the large audiences that have greeted our bi-monthly recitals. As to the second object, that has not yet been attempted, but it is to be hoped that in the near future when the society is more firmly established in the life of the city that this most worthy enterprise may be undertaken."

PROGRAMMES EXCELLENT
Referring to the year's programme, Mrs. Johns said: "Mrs. W. A. Jameson and her committee worked untiringly to attain the standard of excellence which they did in homogeneity, educational value, variety and interest, and it will be one to live up to in the future planning of programmes. The three high lights of the programme this year have been excellent: the professional concert which we have been able to offer our members as part of the regular programme with no additional cost to them."

The fact that the membership fee has been so ridiculously low and within the reach of everyone has only been made possible by the generous attitude on the part of Victoria artists. The board of directors would wish to here to thank publicly all those who have given of their time and talent to make these programmes attractive for the members without any remuneration whatever. It would be difficult to obtain a series of programmes in any city of higher standards than those presented you this season. We realize that it is impossible to please everyone, but there has been an earnest desire on the part of the board to make the meetings as attractive, as worth while and varied as possible to appeal to the many divergent tastes," the report continued.

STATISTICAL REPORT
The statistical report follows: Number of directors' meetings held, 8; average attendance, 11; number of professional concerts, 3; number of bi-monthly programmes, 12; juvenile club party, 1; juvenile club recitals, 1; membership, senior club, 323; junior

club, 105; juvenile club, 64; charter members, senior club, 291; junior club, 58; juvenile club, 40.

At the close of her report, Mrs. Cameron paid tribute to the splendid work accomplished by Mrs. Johns, and presented her with a fountain pen as a small token of the society's appreciation.

Mrs. Gwen Harper presented the financial statement, showing a balance of \$611.84 in the bank. Mrs. Marion McGovern reported for the juvenile branch and Miss Dumbleton for the junior branch, both showing splendid progress made throughout the year.

NEW DIRECTORS
Directors elected for a three-year term included: L. G. Burdon-Murphy, E. Parsons, Mrs. McGovern, Mrs. Rose and P. T. G. Wickett. With the present directors, Mrs. Cameron, Mrs. W. G. Wilson, Miss Harper, Miss E. Dumbleton, Mrs. Johns, Mrs. Jameson, Mr. Bulley, Mrs. Aldous, Mrs. McChickling and Mr. Dilworth, will constitute the board for the year, and will later elect their own officers.

Certain amendments to the constitution were considered, and after much discussion, were passed with minor changes.

MUSICAL PROGRAMME

At the close of the business meeting a delightful programme was given, including a group of solos. The first, "The Beautiful Quality of Her Mezzo-soprano voice and chiselled enunciation in the Handel recitative, and 'Iris, 'Iris, Fragrant of Death,' Baisstow's charming, 'The Sea Hath Its Pearls,' and the sprightly 'Bells of Claremont Town.' As an encore she sang a lovely tender little number, 'Mary Mine,' the music and words of which were written by Mrs. J. O. Cameron, who shared in the applause with which the singer was greeted.

Miss Dorothy Morton, who ably supported Miss Hartree at the piano, also contributed a group of piano solos, including Chopin's 'Imaginary F Sharp Major,' and the sprightly 'Polichinelle' (Rachmaninoff), both marked by fine tone and musically insight.

"The Arts," an Oriental curtain-raiser, arranged by Mrs. L. G. Burdon-Murphy, was cleverly acted by Dr. T. H. Johns, as the story-teller, Wabde de Turczynowicz, as the Princess Dorothy Parsons as the captive, and Charles Oard as the tom-tom player.

A delicious supper was served in the lower banquet hall and dancing brought to a close a most successful and enjoyable annual meeting.

STUDENTS MARK GOODWILL DAY

Ottawa School Message Sent to Youth in United States

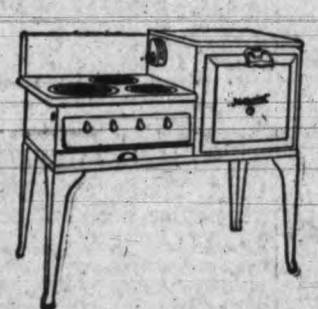

Ottawa, May 19.—"International goodwill day" was initiated among the students of various countries of the world yesterday afternoon. Ottawa, Washington, London, Buenos Aires, Sydney, Australia, and other capitals joined in the first of what is contemplated to be an annual exchange of expressions of belief in the ideals of peace and international accord. The World Federation of Education Associations, with headquarters in Washington, sponsored the project.

From one of the offices of Premier R. B. Bennett, Bob Oliver, Ottawa, conveyed to Washington on behalf of the High School youth and educationists in Canada "a message of goodwill to you, our friends in the United States."

At the other end of the telephone, Miss Eleanor Powers, seated in one of the offices of the United States Senate, received the message. To these expressions, Miss Powers for the students of the United States delivered a reciprocal message of goodwill. Exchange of messages of goodwill is taking place between the capitals of other countries.

Henry much, except now he eats at the drug store with his wife instead of 'eatin' at the restaurant, alone."

To-morrow: "Diet, Fresh Air, Sunshine, Rest—All Important."

Encourage children of like ages to play together. When children are at home and under your good influence the child who is unruly or mismanaged or neglected at home. Then his influence is nullified, and you have not been guilty of penalizing a child for the sake of his parents.

When a mother says to me, "That child is a bad influence on my child," I want to know immediately: "Why have you child a good influence on him? If your own child is surrounded by all the right influences, it is your understanding, your willingness to talk frankly to the child, and your daily example can be so easily overthrown

by one child, of what value are they? You see the absurdity of it yourself. There is in my opinion, only one factor in a neighborhood situation that makes the least bit of difference, and that factor is easily controlled. Are your children playing with children their own age? That is the important, the very important thing. Nothing else matters very much. What they learn from each other can easily be counteracted by the influence of the home."

SUIT PLAYMATES TO CHILD'S AGE
It is bad for a child to be the companion of an older child. The older child needs the stimulus, the social development that is possible only with children his own age. The younger child needs to practice being leader as well as follower, to think for himself. When ages are too divergent, the development of both the older child and younger child suffers.

If there is a child who obviously exerts an unwholesome influence on a neighborhood, do not make the mistake of ostracizing the child and thus driving him into that dependency and that sense of inferiority which further encourages the very thing of which you disapprove. Our leaflet, "Six Habits Common to Childhood," goes into this subject in further detail. It will be mailed to any reader who sends a self-addressed, stamped envelope to this department with such request.

Encourage children of like ages to play together. When children are at home and under your good influence the child who is unruly or mismanaged or neglected at home. Then his influence is nullified, and you have not been guilty of penalizing a child for the sake of his parents.

To-morrow: "Diet, Fresh Air, Sunshine, Rest—All Important."

Wonder!
will he succeed in Life?

THE carefree little lad who thinks only of play is safe enough now, for you are here to look after him—but suppose you passed on?

You are making plans for his future, no doubt. You want him to have a good upbringing and a good education. Would those plans be carried on if you died prematurely? Even if you live, can you guarantee that you will be able to spare the money later on to send him to college?

Why carry this burden yourself and permit the lad to run such risks?

An Imperial Life Educational Policy meets such cases exactly. You decide upon the sum you think will be necessary and it will be paid to your boy or to you at any future date you set—or if you die before, the money will be paid immediately to him, or to his guardian.

The small yearly deposits, easily within your means, guarantee that your plans will not miscarry.

Let us send you particulars now—kindly use the Coupon.

PRIEST HELD FOR TRIAL

Flore Gutierrez was formally arrested (had said in the pulpit Sunday the government was responsible for the riot in Manzanera, It was charged he cent anti-clerical riots.

Once a week with LISTERINE

Cleans the scalp—"sets" a wave
—checks DANDRUFF

WHENEVER you wash your hair—and most people do it once a week—douse full strength Listerine on the scalp either before or after the rinse. Then massage the scalp and hair vigorously for several minutes.

You will be simply delighted by the wonderful feeling of cleanness and exhilaration that follows this refreshing treatment.

Moreover, it is unquestionably one of the best treatments for loose dandruff—for preventing it, and for overcoming it once it has started.

Many hundreds of women have told us that since making Listerine a part of the weekly shampoo, their scalp feels better, their hair looks more attractive, and they are never troubled with loose dandruff.

Of course, if dandruff does get a start, it will

be necessary to repeat the Listerine treatment systematically for several days, using a little olive oil in conjunction with it if the scalp and hair are excessively dry.

Listerine removes and dissolves the dandruff particles and heals and soothes the scalp. Also, if infection is present—and most dermatologists define dandruff as a germ infection—Listerine immediately combats it.

Incidentally after a shampoo when the hair is unruly there is nothing like Listerine to make it set nicely. The same applies to a finger wave.

Keep Listerine handy at home and carry it with you when you travel.

Medical men pronounce it the ideal safe antiseptic. Lambert Pharmaceutical Company, Toronto,

DEFEND METHOD OF RELIEF WORK

Aldermen Answer Charges By Unemployed of Inequality and Discrimination

Answers to charges by unemployed that the City Council had been negligent in providing relief work, direct repudiation of Alderman R. T. Williams's support of the same, and defeat of a motion by him for a special committee to report on the situation featured a City Council debate yesterday afternoon, precipitated by a letter from the secretary of the Workers' Alliance, setting out matters wherein it was alleged the city had been negligent.

The alliance claimed mainly that enough work had not been provided for both married and single men in relief. There had been inequality and inadequacy in the handling of the work and discrimination in the number of days given. Provision of food and clothing by the Friendly Help had also been handled with discrimination, it was claimed.

After the letter was read, Alderman James Adam jumped up to defend the Friendly Help. It was absolutely false that there had been any playing of favorites, he said. Certainly he would have liked to see more to give out, but everything had been handled properly. As far as meals at the Old Men's Home were concerned, the letter was also wrong, he said. Many men had received two meals a day at the place, not one as stated.

ASKS COMMITTEE

Alderman Williams said he thought the charges in the letter were correct and moved for a special committee to discuss them and report to the council.

"While I do not agree with everything in the letter, there is no doubt adequate relief has not been given the unemployed. But the city has done all it can. It is a federal problem and we have said so before," said Alderman R. T. Williams.

"There is room for improvement in handling it," said Alderman Williams and was challenged by Alderman Dewar to show where a special committee could do any better.

Alderman Williams: "Well, that's up to the committee. It can find out."

MEMBER OF ASSOCIATION

Alderman Alex Feden defended the public works committee, which has handled relief. Moreover, he said, Alderman Williams was a member of the Friendly Help and it was rather strange he had not reported the existence of such a condition as described before to-day.

"It's because he doesn't attend the meetings," said the mayor.

"Oh, yes I do," Alderman Williams replied.

"I dispute that. It's not correct," said Alderman Adam.

FAILED IN DUTY

"Then Alderman Williams has failed in his duty if, as he says, the charges of discriminating in this letter are true," said Alderman Feden. "He has never reported anything about them." Alderman H. O. Litchfield intervened to suggest the council ask the Federal Government to renew some of its old buildings here to provide work and Alderman Williams then came back to answer Alderman Feden, stating he had attended a Friendly Help meeting at which Alderman Adam was not present.

"I have missed only one meeting this year and that was when I was out of the city," said Alderman Adam. Alderman Dewar seconded Alderman Williams's motion for a special committee but it was defeated and the letter was received and filed.

C. W. STOCKER GAINS OFFICE

Royal Arcanum Leader Here Made Grand Warden in Seattle; Local Team Wins

Carlton W. Stocker, regent of Majestic Council, Victoria, was elected to the office of Grand Warden at the thirtieth annual session of the Grand Council of the Royal Arcanum for Washington and British Columbia held last week in Seattle. About seventy-five representatives from the principal cities and towns in Washington and from Vancouver and Victoria were in attendance.

Arthur W. Kennedy, Grand Sentry of the Supreme Council of Los Angeles, was presented by Past Grand Regent Melvin S. Wooster, as installing officer and representative of the Supreme Regent, Harold C. Knoepfel of New York City. Mr. Kennedy is an attorney of Los Angeles and prominent in the American Legion of California.

During the session Mr. Stocker was the recipient of congratulations from the Grand Lodge officers on the splendid work done in the Victoria council. The contest between the degree teams in this jurisdiction was won by the Victoria council.

Financial and membership reports that the Royal Arcanum has more than held its own during the business conditions of the year. The order now has about 100,000 members, and cash reserves of over \$250,000.00. Mr. Kennedy, the Supreme Representative, stated that the order was never in more substantial condition. "The three Grand Council jurisdictions on the Pacific Coast," said Mr. Kennedy, "lead the entire United States and Canada in percentage of increase and in maintaining sound financial conditions. The death rate over the entire country in 1930 was 5 per cent better than in 1929; and there was a 10 per cent increase in membership in 1930."

The election of officers, preparing of the reports was completed Saturday and the selection scene of the 1931 Grand session was left to executive committee.

TWENTY-EIGHT HELD FOR TRIAL

Lisbon, Portugal, May 19.—Police yesterday evening reported the capture of twenty-eight alleged members of an international white slave traffic ring, and said they had seized correspondence revealing the gang was operating between Portugal and Brazil, Argentina and other Latin-American countries.

frame bungalow with two bedrooms, 2-
piece bath, fireplace, garage and chicken
house, two lots. All in first-class condi-
tion. \$2,750; terms.
1200 DOWNS, 2-piece bath, etc., with one
acre all in fruit and garden (or would
make good building lots). Nice location.
Full price, \$3,000.

MAGNIFICENT CO. LTD.
784 Yates St. 1020-2-120 and 527-63

VERY CLOSE IN

Located in a nice neighborhood, close to
Beacon Hill Park and yet within five
minutes' walk of the Post Office, is a well-
built 7-room house, on concrete foundation,
with cement basement and a new furnace.
This property is in excellent condition
throughout and would make a very good
duplex. Yes, there is gas in the house,
and this is indeed a pickup, as the house
could not be duplicated for the price.

Little Trips Into Nature

THE KINGFISHER TRIBE

About an hour before sunrise, one is
awakened by sounds, as if a group of
friends were shouting, whooping and
laughing, in one wild chorus. At noon,
the same wild laugh is heard, and as
the sun sets, the laugh again rings
through the forest.

Kingfisher diving for game.

That is the re-
port of an Aus-
tralian, and he
is speaking about the
"laughing king-
fisher."

Laughing king-
fishers are found in New South
Wales and other
parts of Australia.
They are the largest
members of the
kingfisher tribe,
growing to a
length of seven-
teen inches.

The smallest
full-grown king-
fisher lives in
western Africa.
They are less than
four inches long. Thus you see there
is a great difference in size in the
kingfisher tribe, which has nearly 200
kinds of members.

Belted kingfishers are the most
common kind in North America, rang-
ing from Canada to southern Mexico.
These birds live near ponds, lakes and
rivers, and spend much of their time
diving.

Small fish are the prizes for the
birds. You may see a king-
fisher on a tree limb over-hanging the
water. Suddenly, it dives into the
water. This means it has seen a bit of
game near the surface. The dive
usually means the end of the fish's
career.

Kingfishers often hunt for game
while flying over the water. Sometimes
they hang in mid-air, flapping their
wings now and then to remain in place.
Their eyes are open for a poor fish.
If one comes in sight, there is a dive.
The kingfisher is glad to have some-
thing to eat; but the fish, if it has any
feelings, must be sorry to be gobbled
up.

Gobbling up! That is the story we
read over and over again as we study
the ways of insects, fish, birds and
other animals. Birds prey on insects
and fish. Purr animals sometimes
capture birds. Large fish eat small fish,
and a fisherman may catch the large
fish to take home for dinner. It is a
grand old game of "robber."

(Readers making scrapbooks may
place this story under "Nature," sub-
head "Birds.")

BUT LATER, WHEN VI GOES OUT

A cartoon illustration showing a pair of legs in high heels standing in a puddle. A small dog is running towards the legs, and a broom is flying through the air above the dog.
